

FISHERS  
NETWORK

The parish is now officially hosting a **Fishers Network** crew. Fishers Network is a way for Catholics who are **leaders** in their profession (business owners, managers, executives, academic administrators, politicians, etc.) to **network** together, grow in **fellowship**, **mentor** one another, and **support** each other **professionally** – all while going deeper in their **Catholic faith**. If that sounds like you, visit [fishersnetwork.com](http://fishersnetwork.com) for more info.
